

Job Description & Month Roadmap

Head of Digital Transformation / AI / Growth / Smart Machines

1. Reporting Line

Direct reporting line to the Managing Director / CEO. Close cooperation with Sales, Service, Purchasing, Production, Finance, Marketing and Engineering.

2. Mission of the Position

Build modern and scalable systems to increase revenue, lead generation, efficiency, transparency, speed and profitability. In parallel, establish intelligent self-learning machine capabilities to position ROTOCON as a next-generation technology leader.

3. Core Responsibilities

- Growth / Revenue generation
- Digital Transformation / Internal processes
- AI / Automation / Productivity
- Smart Machines / Self-learning machines
- Management support and weekly reporting
- All internal IT systems

4. Personality Profile

- Entrepreneurial mindset
- Hands-on execution
- Fast implementation speed
- Commercially driven
- Strong ownership mentality
- Technology-oriented and pragmatic

5. 6-Month Roadmap

- Month 1: Full business analysis, CEO dashboard V1, CRM review, website audit, start to build machine configurator to create fast and easy quotes
- Month 2: Launch lead tracking, automate quotation follow-up, start LinkedIn outreach, build target customer lists.
- Month 3: Live machine project dashboard, supplier dashboard, FAT planning system.
- Month 4: AI quotation assistant, AI reporting assistant, internal knowledge base.
- Month 5: Smart machine pilot project, live machine data collection, predictive maintenance concept.

- Month 6: Stable lead engine, measurable pipeline growth, complete management cockpit, 12-month smart machine strategy.

6. KPIs

- Leads per month
- Qualified opportunities per month
- Quotation volume
- Conversion rate
- Hours saved through automation
- Reduced quotation lead time
- Operational transparency
- Smart machine pilot success

7. Weekly CEO Reporting

- Progress update
- KPI status
- Sales pipeline status
- Challenges / blockers
- Decisions required

8. Evaluation after 6 Months

Decision based solely on measurable results: more orders, stronger structure, better transparency, faster execution and visible technology progress.

9. Executive Summary

This is not a standard employee role. It is a growth and scaling lever capable of creating the value of several employees if executed correctly.

A handwritten signature in blue ink, consisting of a large, stylized 'A' followed by a series of loops and a long horizontal stroke extending to the left.
